

# OdySea Aquarium Launches Virtual Field Trips!

Across the country, COVID-19 will make it difficult for students to explore the world outside their classroom. If students can't go on field trips this year, why don't we bring field trips to them?

## What does a Virtual Field Trip to OdySea Aquarium look like?

You can choose from a variety of modules, each focused on different animals, habitats, and STEM topics. Each module will be aligned to Arizona Science Standards and includes:

VIDEO LESSON

CURRICULUM-BASED  
ACTIVITIES

30-45 MINUTE  
LIVE VIRTUAL SESSION

**Video Lesson:** Learn about the animals and habitats you will be seeing and get your students excited.

**Curriculum-Based Activities:** Choose from a variety of offerings customized by grade level.

**LIVE Virtual Session (30-45 Minutes):** Hosted by our dynamic Education & Animal Care Specialists, we'll broadcast to your class LIVE from our animal habitats. Get behind the scenes, meet the animals, and ask questions!

## No more worries about getting funding for buses. Virtual Field Trips are cost effective and provide scheduling flexibility!

- ✓ Pick from among several different modules, each aligned to Arizona Science Standards, to fit your curriculum.
- ✓ Video Lesson and Activities are available before and after your LIVE session, giving you the ability to customize what you use and when you use it.
- ✓ The LIVE session can be facilitated on the computer platform your school uses, making it seamless to execute if your students are all remote or if they are in a classroom.
- ✓ Pick from a variety of dates and times that fit your schedule.

## Virtual Field Trip Details

- Grades K-8.
- Virtual LIVE sessions start mid-late August.
- Specific modules, pricing, and available dates & times will be posted on our website by July 31<sup>st</sup>.
- Exclusive classroom rates and shared classroom rates will be available. Discounts will be given for multiple module purchases.
- Scholarships for Title 1 schools are available.
