OdySea Aquarium® Foundation

EXPLANATION OF BENEFITS

Tickets & Passes

Tickets are for one-time use and can be given to anyone you choose, allowing them immediate entry to OdySea Aquarium. These tickets are good for the duration of your annual membership. Corporate and Leadership Circle members may also purchase additional single-use tickets in bulk at a 20% discount.

Passes are multiple use and transferable, offering convenient, flexible options that allow ideal access to OdySea Aquarium for you, your clients, customers, and employees. Passes may be used once a day, every day, for the duration of your membership.

Donated Tickets

Our Field Trip Program allows OdySea Aquarium Foundation to share your generosity with eligible nonprofits and Title 1 schools that apply for and benefit from access to the aquarium where meaningful 'nature' experiences enhance the academic and imaginative potential of students through hands-on, experiential learning. If your organization works with nonprofits that may have interest in participating in our Field Trip Program, please encourage them to apply and list your company as the referring organization. Application, eligibility information and submission guidelines can be found [HERE](#).

Event Credit

Make your next corporate or business event one to remember and use your credit toward renting space for a private corporate or business event held at Arizona's largest aquarium, a multi-level, state-of-the-art facility featuring more than 65 exhibits. With several spaces available, an event at OdySea Aquarium is sure to be an unforgettable experience. Exclusions apply; please contact us for details about using this benefit.

Discounted Memberships

This benefit provides your employees \$10 off the purchase of their own personal OdySea Aquarium memberships. We are delighted to extend this offer to your organization's stakeholders who wish to personally support the OdySea Aquarium Foundation mission and visit as often as they like.

Customizable Encounters

OdySea Aquarium Encounters are a great way to entertain and amaze your corporate or business clients, promote team building and community relationships or create a truly memorable experience with your closest friends or business associates. Should you elect not to use this opportunity yourself, you may donate the tour to an organization of your choosing.
